

The Janesville Daily Gazette.

VOLUME 24

Entered at the Post Office at Janesville, Wis., as second-class matter.

JANESVILLE, WISCONSIN, TUESDAY, SEPTEMBER 21, 1880.

Published Every Evening Except Sunday at \$2 a Year.

NUMBER 168

There are many Democrats in Grant county who have joined the Garfield clubs.

It is understood that Hancock will not write any more dispatches, without consulting Barnum. The General too is apt to get things mixed.

The Democrats are now puzzled how to explain Hancock's statesmanship. His Plained dispatch was a worse blunder than Hampton's speech at Stanton.

It is reported that ex-Lieutenant-Governor C. D. Parker will run as a Democratic candidate for Congress in the Seventh district. Lightning won't strike him this time.

The business men of the country, have had their eyes opened since Hancock sent his "glorious" dispatch over a supposed Greenback victory. They have at last found him out.

The Wisconsin Senatorial question has struck the Milwaukee Sentinel again, and this time pretty severely. It will have a hard time of it from now till January. So long as Keyes and Sawyer lend any aid to the Republican party, the Sentinel will be in hot water.

SOLID ARGUMENTS AGAINST SOUTHERN DOMINATION.

Senator Conkling said in his great speech delivered in New York on Friday evening of last week, that the South should not be tampered with its poverty. That is so. But there are some hard, stubborn facts which should not be suppressed. The South is now seeking to dominate in this government. Its garments still stained with the blood it shed in the attempt to destroy this country and to set up a slave oligarchy in the South, it is trying to assume governmental control over the North. Its political leaders are defiant, arrogant, and boastful. They glory over their treason and gloat over the fact that the South is solid against the North. They wave their hands with delight over the appalling and humiliating fact that they have wiped out the entire Republican party in the South, and that every Southern State will be carried for the Democratic candidate. These are solemn and weighty facts, and confronted as we are by them, it becomes the duty of the Republican party to show why the South should not be given the sole control of this government. It is not done in any spirit of bitterness or boastfulness, but simply to show why the States lately in rebellion against the constitution, should not be the ones to dictate to the North.

The Democratic party should not succeed because it is under the control of the South.

In the House of Representatives there are two hundred and ninety-three members, and at present one hundred and six of these are Confederates, lacking only forty-seven to have a majority over all.

The electoral college consists of three hundred and sixty-nine, and one hundred and eighty-five is a majority. By wiping out the Republican vote in the South, the Confederates have one hundred and thirty-eight, and lack only thirty-seven to give them supreme sway over the Presidential question.

The Democratic party should not succeed because of the unlimited greed of the Southern wing of the party which dictates the policy of the Northern Democrats. The Confederates already have control of the committees in both branches of Congress, and the South furnishes the chairmanships of all the important committees.

The South should not succeed in its dictating scheme because it represents not more than one-fourteenth of the producing, commercial, industrial, tax-paying, and property interests of the country.

Of the customs last year, from the North there was collected one hundred and thirty-seven million dollars, and from the South only two millions.

Of internal revenue, the North paid one hundred and seven million, while the twelve Southern States paid twenty millions.

In 1879, it required 423,000 freight cars to carry our domestic commerce, and of this number the Confederate States employed but 31,000.

The exports of the country for the past year reached eight hundred and thirty million dollars, and the South exported but one hundred and eighty-eight millions.

For the same time our imports were six hundred and sixty-seven millions, and of this vast amount the South imported but fifteen millions.

Of the four billions of goods manufactured in the country, the South made but one-sixteenth part of them.

Of the two million eight hundred and twelve thousand emigrants that came to this country for the ten years ending June 30, 1880, only forty-nine thousand went to the South making only one-sixtieth.

The South should not succeed in this election because it is an avowed enemy to a free ballot and a fair count.

It should not control the executive branch of the government because it would with the aid of Congress wipe out all election laws, and throw all the election polls of the South under the terrible and beastly sway of the Southern bullies.

It should not succeed because it openly countenances the act of using tissue ballots in the South, and applauded the man who cast into the box at one time seven hundred of these Democratic tickets.

It should not succeed because it be-

lieves in and practices the doctrine of repudiation.

It has broken faith with its creditors, and every Southern State except Texas, has repudiated its obligations, the aggregate amount being two hundred million dollars.

It should not succeed because it is hostile to that system which builds our manufacturing interests and gives our mechanics and workmen employment.

It should not succeed because it is in favor of robbing the treasury to pay Confederate war claims, and of these there are one thousand four hundred millions now on file.

The Democratic party should not win in the coming election because it pretends to be a party of economy while it deceives the people and practices extravagance.

These reasons why the South should not succeed are not given hastily. There is no man of honor, and who is truly loyal, but that will regret the existence of these facts. It would be better did they not exist; and it would be better for the salvation of the south would it throw off its dishonor, fling away its morbid ambition and join hands with the North in the attempt to make all men equal at the ballot box, and all interests, whether commercial, industrial, or political, march hand in hand.

MAINE.

Special to the Gazette.

PORTLAND, Sept. 21.—The Fusionists claim 150 plurality for Plained. The Republicans say it is so close that the legislature will have to decide the result, which will not be known until next January.

ANOTHER DISPATCH.

WASHINGTON, Sept. 21.—The Secretary of the Democratic Committee has a dispatch from Augusta, saying that all but 4 plantations give Plained 73,622, Davis 73,550. The towns yet to report will give Plained 48 more.

SMITH.

Special to the Gazette.

CHICAGO, Sept. 21.—The Democrats of the 31 District have nominated Perry H. Smith, Jr., for Congress.

UNKNOWN DEAD.

Special to the Gazette.

ST. PAUL, Sept. 21.—The unknown woman was killed in a runaway to-day. She was not Mrs. Harris, the authoress, but has been impersonating her.

GREEN BAY.

A Great Portion of the Bay City Reduced to Ashes.

GREEN BAY, Sept. 20.—The most disastrous fire in the history of Green Bay occurred this afternoon. It broke out at about 3 o'clock in an unoccupied planing mill on the bank of the Fox River, in the southern portion of the city. The wind was blowing a strong gale from the south and soon shifted to the southwest, sending the flames to the central part of the city and among the best residences. While the fire was in one locality at full height, the wind carried cinders a long distance, starting a fire in the northwest part of the city. With the wind at such height resistance to the fire in a large part was unavailing, and the flames fled rapidly. Some of the best residence property was destroyed, and in some cases the entire household effects. There were between fifty and sixty dwelling houses burned and the Presbyterian church was included in the list of destruction. This evening the fire is confined to isolated buildings in two portions of the city, and believed to be under full control. It is too early to make any estimate on the loss, but the amount will be heavy, while the city is badly scared and robbed of some of its best buildings.

GREEN BAY, Sept. 20.—In the present chaotic state of affairs immediately succeeding so serious a fire, an estimate of losses is difficult to make intelligibly. It is impossible to ascertain any item of insurance to-night. The Presbyterian church and parsonage burned, and the high school, and the Pine street school was on fire several times, but each time escaped. Among the prominent residences burned were those of J. Bennett, John Last, Dr. Britt, Judge

P. P. Most, Postmaster Kimball, Dr. Munroe, E. Honskum, J. McDonald, D. Williams, Conductor Monahan, J. J. Tracy, J. Schutte and R. Preble. Bad as the fire is, the citizens are congratulating themselves to-night that it stopped even where it did.

POISONING.

The Trial of Mrs. Mary Van Kirk Charged with Poisoning Her Mother and Half-Brother.

MILWAUKEE, Sept. 20.—The trial of Mrs. Mary Van Kirk, accused of poisoning her mother, Mrs. Mary Leahy, and half-brother, Patrick Leahy, commenced in the municipal court to-day. The room was crowded, the audience numbering many ladies. It was difficult to obtain an impartial jury, and of forty called, but ten were sequestered, when the court adjourned until to-morrow forenoon. The accused, a tall, slim woman very ladylike in bearing, bore well the scrutiny of the audience. The death of half-brother first placed her under suspicion. Her remains were exhumed and a large quantity of arsenic found in them. Her mother, who had suddenly died several months before the half-brother, was also examined with the same result. The only motive that can be assigned was to secure a half interest in an estate valued at \$12,000.

NEW YORK.

The Business Men of the Great City for Garfield.

WASHINGTON, Sept. 20.—Secretary Schurz still holds as he did at the beginning of the Presidential campaign—that the business interests of the campaign will give the Republicans the victory. An interesting illustration of the feeling among this class of people is given by a clerk in the Interior Department. His father is connected with a large manufacturing firm in New York, sixty one of whose employees voted for Tilden four years ago, but all of them propose to vote for Garfield this year, not because they have turned Republicans, but because they fear that a change would injure the business of the country.

MYSTERIOUS MURDER.

MANITOWOC, Sept. 20.—An old lady residing in the town of Oakland, this county, named Nancy Heywood, was murdered last night in a most brutal manner. Nancy Heywood was a maiden lady of some 55 or 60 years, and lived with her brother Ephraim Heywood, an old and respectable farmer. Mr. Heywood left home on an errand a few miles away, leaving at home his sister, Miss Heywood, with the servant girl and her sister. Upon his return home his sister was nowhere to be seen. Going into the kitchen he noticed spots of blood on the floor, and going to the door traced the bloody path through which the body had been dragged to a wood pile, close by, and there they found the body of the unfortunate woman with her throat cut from ear to ear, with boards and wood piled over her to conceal the bloody crime. The servant girls have both been arrested, and profess to know nothing in regard to the affair. They will probably be brought to this city for trial.

FOR LOVE.

DETROIT, Sept. 20.—A terrible tragedy occurred at the residence of Andrew Tiffany, about two miles west of Janesville, Hillsdale county, Sunday afternoon. Henry Lindley, a hired man in the employ of Mr. Tiffany, who is supposed to have conceived a passion for his employer's second daughter, Alice, called on her and shot her, killing her instantly. Lindley then blew his own brains out, falling with the weapon under him. The only cause known to which the dreadful crime can be attributed is unrequited love. The murdered girl was 18 years old. She and Lindley were alone in the house at the time of the tragedy, the parents being at a neighboring cemetery visiting the grave of a dead daughter; and when they returned they found Lindley and Alice both dead. Alice had refused Lindley, who had worked for her father three years, and is said to have married another man who is now in state prison, and when Lindley shot her she was up stairs, in her own room, writing to her friends. After shooting her Lindley walked down stairs and blew his own brains out.

NELSON NABBED.

WASHINGTON, Sept. 20.—A dispatch from Ft. Leavenworth was received by Paymaster Brown to-day, stating that Paymaster Nelson was arrested in Kansas City yesterday and taken on the train to New York last night. He will be tried by court martial in New York upon his arrival. It is not thought by the Paymaster General that he was attempting to escape.

FRED DOUGLASS.

WASHINGTON, Sept. 20.—Fred Douglass who has been stamping Indiana for the Republicans, has returned to Washington on business, but will go back again in a day or two and remain till the end of the campaign. He is very confident of a Republican victory, and believes that their chances are twice as good as those of the Democrats.

CONKLING'S SPEECH.

WASHINGTON, Sept. 20.—The Republican Congressional Committee propose to publish Senator Conkling's New York speech at once, and expect to give it wide circulation.

The Grand Central Hotel, 367 Broadway, New York City, is the best kept \$3.00 a day house in America. Make a note of this, so that when you visit New York you will know where to stop.

THE GRAIN CROP.

Special Correspondent of the Gazette.

CHICAGO, Sept. 20, 1880.

The wheat harvest of 1880 being over, and some of the exaggerated crop estimates of early midsummer corrected by ascertained results, we feel more confidence in speaking of the future than was possible a month ago. In July our wheat crop was estimated as high as 100,000,000, but very competent authorities now claim a yield of but 45,000,000 bushels, which is a very little more than the yield of the 1879 crop.

It is conceded that the average sown in wheat was larger, but the yield upon threshing has been disappointing, especially in Spring wheat districts. The visible supply of wheat is about 14,500,000, against 17,250,000 one year ago.

The stock of No. 2 spring wheat in store at Chicago is but 600,000 bushels. The movement of spring wheat has, contrary to expectation, been exceedingly light, the number of cars reported into store here since August 1st being but 2,200 against 7,750 in same date last year, which have been attributed to an indisposition of farmers to sell at present prices, and having received much higher prices last year they are financially able to hold for an improvement in the demand.

The situation among importing countries, we think, favors the sellers of American wheat. Russia will have little more to spare. France and Germany have average crops, leaving the market to import from us about 10,000,000 bushels. England's crop, while better in quality and yield than that of 1879, will yet fall largely below filling her requirements, and as her graineries are empty and our prices low enough to tempt investment, we expect her to take fully as much as she did during the past year, viz: 12,000,000 bushels.

Late English advices and quotations indicate that her importers are awakening to the facts, that English crops are a partial failure, stock depleted, and prices in this country about as low as they are likely to go, and their craving for consignments of United States wheat upon arrival are being despatched. Our exports during July and August have averaged nearly 5,000,000 bushels per week, of which about one-half went to England, and the balance to the continent.

From an impartial view of the situation as it appears now, we conclude that fair and profitable prices will rule during the crop year. We see nothing to warrant the inflated figures of last year, nor do we believe that prices will at any time go below the cost of production, and when we consider the wants of Europe, the present condition of our own country, and the probability of money seeking profitable investment, which always induces speculation and inflates values, we believe that No. 2 spring wheat in Chicago below 90 cents per bushel is very cheap and a paying and safe investment. And events may prove that "short" sales at \$1.00 one will yield a profit every month in the crop year. Future developments may change our opinion.

Respectfully,
SMITH & LIGHTNER.

Henry Clement, Alton, writes: "For a long time I was troubled with chronic Rheumatism, at times wholly disabled. I tried anything and everything recommended, but failed to get any benefit until a gentleman who was cured of Rheumatism by Dr. Thomas' Electric Oil told me about it. I began using it both internally and externally, and before two bottles were used I was radically cured. We find it a household medicine, and for Croup, Burns, Cuts, and Bruises, it has no equal."

Sold by A. J. Roberts, and Croft & Blum.

A Suggestion to Summer Tourists.

A change of climate is at all times more or less dangerous. There are elements in a new atmosphere which are injurious, especially when the system is exhausted by care and overwork, and which should be guarded against. After careful observation we have come to the conclusion that Warner's Safe Kidney Cure is the best preventative for atmospheric evils and that it will restore health and vigor sooner than any remedy which has been discovered.

MILTON.

—Prof. N. Wardner Williams presented his initial piano recital at College Chapel, Friday afternoon, and was assisted by Miss Mabel J. Haven. Prof. Williams gave the following programme, with brief and interesting explanatory sketches:

Why? Robert Schumann, Mendelssohn, Songs without Words, Mendelssohn, Swedish Wedding March, Schubert, Nuremberg in minor, Chopin, Polka, Fantasia in a minor, Liszt.

Miss Haven sang the following selection in a charming and artistic manner: O for the wings of a Dove, Mendelssohn, Quixote, waltz, and the "Birds of the Forest." It is expected that these recitals will occur weekly during the present term, and our music-loving citizens will find them well worthy of their patronage.

—Pratt H. Page, of Oaigo, Iowa, was in town, Saturday night, en route home from Chicago, where he had been to buy his fall stock of goods.

—We saw a wash tub in O'Brien's shop, recently, that had been in constant use for 30 years, and is a good tub yet. It was the property of Jno. Alexander.

—Rev. Mr. Clark, of Janesville, occupied the pulpit at the Seventh-day Baptist church, last Saturday morning. His theme was the "Second Coming of Christ," and the subject was ably presented. He was assisted in the services by Revs. Loomis and Dunn.

—Mr. and Mrs. E. L. Durick, of Davis Junction, Ill., were in town, Saturday morning. Dr. Williams will fill the desk at the Seventh-day Baptist church, Saturday morning.

—Our citizens are laying in their winter supply of coal at eight dollars per ton delivered.

—If any man on the Democratic county ticket is elected, that man will be Pat Hayes, Esq., and don't you forget it.

—S. D. B. social this (Thursday) evening, at the residence of J. J. Donnett. You are invited.

—George Walker and wife, of St. Paul, arrived in town last week, to make their relatives a brief visit. They returned this week.

—Julian Weaver, agent of the St. Paul Company at Granite Falls, and family, arrived here last Wednesday, and remained until this week, to enjoy a visit with their parents, Squire Weaver and wife.

—C. E. Grandt went to Cooksville Friday, to take charge of the school there for the coming winter. He began his labors on Monday.

—J. C. Davidson sold a carload of sheep last week to a party who shipped them to Catskill, New York.

—Geo. Van Campen, Sr., and wife, of Olean, are in town the guests of Doctor Bordon.

—If the manipulator of the college bell, has any regard for the feelings of those people whose ears are unstopped, he had improve on his five minute bells by ringing thirty, desisting for four and a half minutes and close with a

Coughs.

"Brown's Bronchial Troches" are used with advantage to alleviate Coughs, Sore Throat, Hoarseness and Bronchial Affections. For thirty years these Troches have been in use with annually increasing favor. They are not new and untried, but, having been tested by wide and constant use for nearly an entire generation, they have attained well-merited rank among the few staple remedies of the age. The Troches—"Brown's Bronchial Troches" act directly on the organs of the voice. They have an extraordinary effect in all disorders of the Throat and Larynx, restoring a healthy tone when relaxed, either from cold or over-exertion, of the voice, and produce a clear and distinct enunciation. Speakers and Singers find the Troches useful.

A Cough, Cold, Croup or Sore Throat requires immediate attention, as neglect often results in some inoperable Lung Disease. "Brown's Bronchial Troches" will almost invariably give relief. Imitations are offered for sale, many of which are injurious. The genuine "Brown's Bronchial Troches" are sold only in boxes.

BRIEFLETS.

—Humpty Dumpty sits on a wall to-night.

—The boxes of new goods begin piling up in McKey & Bro's new store.

—In the Mack trial, yesterday, nearly all the time was taken up in a cross-examination of Dickerson.

—At the Peake family entertainment to-morrow evening at Lappin's hall, Miss Mack, of Breadhead, will sing.

—Joseph Churchill was arrested to-day for selling liquor without a license. The case was adjourned until Monday.

—Trulsen & Peterson have begun moving their boot and shoe stock into their new store on West Milwaukee street.

—D. F. Sullivan has employed J. P. Antisdel to carry the mail matter between the depot and the postoffice on his contract.

—George Bosley, of Emerald Grove, pleaded guilty before Justice Brooks to-day, to using abusive language. He paid his fine of \$1 and costs.

—The Tony Denier Humpty Dumpty company arrived this afternoon from Madison, and are stopping at the Myers house with the exception of Jaques Cass who stops at a stable.

—Jacob Carr, the dairy, accused of stealing money of Mary Farrell, had his trial before Justice Nolan yesterday afternoon, and was found guilty. Thirty days in jail.

—Apollo hall was crowded last night with a merry party. The proceeds of the dance and sale of tickets will not fall short of \$115, and this is for the benefit of a worthy widow lady, Mrs. Whalen.

—Ye Sister Thankful Pettigell, who is announced to be at Lappin's music hall to-morrow evening is none other than Miss Kunkle, who will add to the enjoyability of the programme by her elocutionary skill.

—Hon. H. A. Patterson has been engaged to deliver the oration at the Young America fair to be held on Seth Fisher's farm in Center, Friday, September 24th. The fair promises to be an even more enjoyable one than any of its predecessors, and will draw together a crowd.

—U. J. Terry, who has been languishing in jail to answer to a charge of stealing a revolver from Deputy Sheriff Gladden, went before County Judge Prichard this morning and pleaded guilty to larceny. He was fined \$15 and costs and in default of payment was sent to jail for thirty days.

—The Merry Club have filled up the ranks to the number to which they limited their membership, and have engaged Apollo hall for their season. Mr. Lappin is beginning sundry improvements in the hall which will make it even more pleasant and convenient than now.

—Among the improvements will be the fitting up of new ante-rooms for the ladies.

—Ernest Beal and Henry Peterson appeared before County Judge Prichard, this morning, charged with grand larceny. The stolen property consisted of a harness, and was found in their possession.

They pleaded guilty, which rendered them liable to imprisonment in Waupun for one year, but after the presentation of their cases by Dennis Allen, who appeared for Beal, and F. N. Hendrix who appeared for Peterson, the Judge gave the prisoners the lightest punishment possible, six months each in the county jail.

—There is little encouragement for the Park Committee to try to keep up improvements at the Court House park, so long as there are vicious prowlers who seem to delight in wantonly destroying property, and causing mischief.

The flower beds are raided, the lock on the fence around the wind-mill has been stolen, the door broken, some of the upper benches in the park broken, the top of the fountain stolen, its base wrenched out of place, in fact all sorts of petty devilry has been committed in the park this season, until it seems that it is impossible to keep everything in repair.

These acts of wanton mischief are done mostly by boys, some large and some small, but all old enough and big enough to know better. Some of them will be brought up with a sharp turn some day, and then mischief making won't seem so funny to them.

Best Accommodations for least money, Astor House, New York.

THE WEATHER.

REPORTED BY HENRIK & EVENSEN, DRUGGISTS.

The thermometer at 1 o'clock a. m. to-day at 52 degrees above; at 7 o'clock a. m. at 50 degrees above; and at 1 o'clock p. m. at 60 degrees above. Clear.

BADLY HURT.

James O'Brien, about six miles west of the city, while driving to Janesville this afternoon, was thrown out of his buggy by the horses jumping, and was seriously injured, he being in an unconscious condition. Dr. Judd was sent for at once, but the extent of his injuries are not yet known to us.

She banged her hair in the latest style, And wore a dress of black, And a pair of light ten-buttoned kids, And a long brown seal skin sacque. But spite of all her blood wasn't pure, She ought to try the Spring Blossom Cure.

Sold by A. J. Roberts, and Croft & Sherer.

YE PEAKE FAMILY.

To-morrow evening the Peake Family, composed of many of our young singers, will give a serio-comic concert and entertainment in costume, at Lappin's hall. The admission is only fifteen cents, and a rich treat, well spread, has been prepared. The following is the programme:

YE FIRST PART.

I—Ye Welcome Song.
II—Duet—Ye Old Folks.
III—Worldly Song.
IV—Grand March—Ally's Wimmick.
V—Duet—Sister, Malindy and Samantha.
VI—Quartet—Ye Menne Singers.
Ye Rest and Tableau.

YE SECOND PART.

VII—Ye Ancient Tune.
VIII—Worldly Song.
IX—Song—She that is a Cuckoo.
X—Star of Descending Night—(All Ye Singers).
XI—White's Daughter.
XII—Ye Peake Song—Ye Sister Thankful Pettigell.

Tableau.

CITY COUNCIL.

The Way the Aldermen Basted Their selves Last Evening.

Last evening the City Council held a regular meeting, all the Aldermen being present except Ald. Burns. The Mayor presided.

After the reading and approval of the minutes of the last meeting the clerk read the usual batch of miscellaneous accounts, which were referred.

■ The Street Commissioner recommended the replanking of Spring Brook bridge, it being estimated that it would take about 2500 feet of plank. On motion of Alderman Norris the Committee was authorized to proceed with the work.

Ald. Conrad, of the Park Committee, made a statement in regard to the amount of improvements done this year in the Court House park. There had been raised by private subscription \$927, and by the regular appropriation \$200. There had been expended for the fountain, water works, and other improvements connected with the park the sum of \$808.85. These facts were given for the enlightenment of those who thought that the private subscriptions had been sufficient to pay for the expense of water works, fountain, etc. There had been placed 1820 feet of 1 1/2 inch plank and 450 feet of 1 inch pipe. The proceeds of the sale of the old fence were about \$26. It was suggested that as the old planks from the Milwaukee street bridge were lying idle in a vacant lot, and subject to being stolen, it would be wise to take those planks for a sidewalk around Lincoln park in the Fourth ward, and pay for the labor of laying the same out of the \$26 received from the sale of the old Court House fence.

On motion of Ald. Norris the Street Commissioner was instructed to have the proposed sidewalk laid.

Ald. Croft, of the Finance Committee, reported in favor of the payment of sundry bills and accounts. So ordered.

Ald. Nowlan moved that the Chief Engineer be instructed to purchase eleven rubber coats at \$4.50 each, for the use of Water Witch Engine Company, and one rubber coat at \$9 for the use of the Chief Engineer. Carried.

A communication was received from Water Witch Engine Company, announcing the resignation of J. C. Moore, and N. B. Robinson, and the election of Larry McQuinn and Frank Fellows. Action of the company continued.

Ald. Robinson presented an order for the erection of a lamp-post at the south-west corner of School and High streets, in the Fourth ward. Adopted.

Ald. Conrad called attention to the width of the roadway at Monterey, near the new railroad track of the Beloit road, and to the danger of having teams frightened by the cars. This opened up some discussion as to the position and needed width of the highway, but after some talk all action was dropped. The City Attorney deciding that the law was such that the Council need take no steps in the matter.

Ald. Humming presented an order that the Street Commissioner proceed to repair Jackson street between Milwaukee and Pleasant streets, and also North and Galena streets, under the direction of the Aldermen of the Fifth ward. Adopted.

Ald. Cox presented an order for a lamp post on North First and Wisconsin streets, Second ward. Referred.

Ald. Cox moved that the city purchase teams for the use of the Fire Department. The motion was lost by the following vote: Ayes—Ald. Croft, Cox, Humming, Robinson—4. Noes—Ald. Burns, Conrad, Murdock, Norris, Nowlan—5.

An ordinance was presented changing the location of the wood and hay market, to Franklin street, between Oak and Galena streets, was read for the first and second times, and laid over until the next meeting.

ADJOURNED.

When articles rise the consumer is the first that suffers; and when they fall, he is the last that gains, Spring Blossom is always one uniform price and always gives satisfaction to the consumer in cases of Dyspepsia, Indigestion, etc.

For sale by A. J. Roberts, and Croft & Sherer.

TOBACCO MEN ATTENTION!

Among those interested in leaf tobacco there has sprung up a difference of opinion as to the law in regard to special tax. As some claimed that the producer could sell anywhere, anyhow, to any person, and in any shape, (except manufactured), in five, ten, or thousand pound lots, the question was submitted to the collector by D. Van Valen, Esq., of Shopiere, who has received the following reply:

UNITED STATES INTERNAL REVENUE, Collector's Office, 3d District, Wisconsin. MARION, SEPT. 19, 1880.

Sir:—In reply to yours of the 3d inst. I have to inform you that any producer of leaf tobacco who sells leaf tobacco to any person other than a tobacco or cigar manufacturer, who has paid a special tax, or to a dealer in leaf tobacco, who has paid a special tax, becomes liable to the special tax as a retail dealer in leaf tobacco, which tax is \$500.00 a year, and 50 per cent. on all sales of more than \$1,000.00. I have no copies of the law except the Revised Statutes of the United States.

Very Respectfully,

HENRY HARDEN, Collector.

D. Van Valen, Esq., Shopiere, Wis.

How They Feel at Adrian, Mich.

Read, Bench & Smith, druggists of this city, say that DAY'S KIDNEY PAD is giving the best of cure of kidney troubles. Their customers say they would not take two hundred dollars for the one he has if he could not get another.

PERSONAL.

—Mr. Hanchett, of Chicago, is in the city visiting his son G. M. Hanchett.

—I. S. Hauser, of the Christian Statesman, Milwaukee, is in the city to-day.

—W. E. Lewis, State Secretary of the Young Men's Christian Association was in the city to-day.

Jabesh Snow, Gunning Cove, N. S., writes: "I was completely prostrated with the Asthma, but hearing of Dr. Thomas' Electric Oil, I procured a bottle, and it did me some good, that I got another, and before it was used I was well. My son was cured of a bad cold by the use of half a bottle. It goes like wildfire, and makes cures wherever it is used."

Sold by A. J. Roberts, and Croft & Sherer.

FOOTBALL.

—Last Sabbath being quarterly meeting day, as announced, we had the pleasure of listening, in the evening, to a very fine sermon by the new elder, Mr. Meade. His text was from John 1:12: "I am the light of the world. He that followeth me shall not walk in darkness, but shall have the light of life." The subject was treated in a logical manner, and was one of the most polished sermons we have heard the pleasure of listening to for a long time.

—Miss Mattie Owen left, last week, for Appleton, whether she goes as a student in Lawrence University.

—Mr. S. D. Whelan, who has been here for some time, left last week, for his home in Newton, Kansas.

—Mr. J. C. Cook in order to keep up to the times and have things looking nice, has commenced painting his warehouse. With the improvements inside the depot, and the coats of new paint, and the lower end of town is fast assuming a bright aspect. "Furzy" is doing the "daubing" on the warehouse, and this is a guarantee that the job will be well done.

—The funeral services of the only son of A. H. Clippin were held in the Disciple church in this city on Tuesday, at 3 p. m. The family have the sympathy of the community in this, their first bereavement. The disease which terminated so fatally was Thyrocephalosis.

—Persons in search of houses to rent can be accommodated on almost any street in our village. There are no less than seven or eight good houses lying idle, and one store. This exodus of inhabitants is becoming alarming, to say least.

—Mr. Alex Higgins left early in the week for the vicinity of New Buffalo, T., where he is engaged in a claim, and take possession. Encouraging reports are received from that vicinity and lively times are anticipated.

—Our school board has at last performed its most important task, and now rests in peace. The teachers hired are Miss Bean for the high department, and Miss Mattie Tripp, for the primary department. Miss Bean, having taught this school before is well-known. Miss Tripp is from the Whitewater Normal School, and comes highly recommended as a teacher of experience and ability. With such teachers, our "young ideas" ought to do considerable "shooting" this year.

—Quite a number are contemplating taking in the Young America Fair, to be held the latter part of the week, in Center. There is some talk of the M. E. S. S. going in a body. The idea is a good one, as it will serve as a picnic as well as encouraging the Society.

—Last Wednesday evening witnessed quite a social gathering at the residence of S. W. Fisher. The guests enjoyed themselves in various ways until supper was served, when all fell to with a vim that attested to the good qualities of Mrs. Fisher's cookery. After supper the guests were entertained in various ways until nearly midnight. "We always have a good time at Sam's."

—John Hammill is doing a rushing business at the cider mill, running sometimes far into the night. He generally has enough company to keep him from getting homesick, and thinks he has a fine time on the temperance boys; but sword order never hurt anybody yet, spiritually.

ASSOCIATED CONVENTIONS.

THIRD DISTRICT.

The Third Assembly District Republican Convention of Rock county, will be held at the Court House, in the city of Janesville, on Wednesday, September 24th, at 2 o'clock p. m., for the purpose of placing in nomination a candidate for Member of Assembly. Each town in this district will be entitled to the same number of delegates as to the County Conventions.

H. H. BRACE, Secy.
P. H. SWIFT, Committee.
